

Welcome to Nuneaton and Bedworth Borough Council's

Homelessness

how can we help

The legislation around homelessness is changing with the introduction of the **Homelessness Reduction Act (HRA 2017)**.

This will place more emphasis on the assistance each Council in England can offer customers who have experienced or are about to experience homelessness.

This will result in more customers being assisted as each Council will no longer consider if a customer has a priority need or has made themselves intentionally homeless initially before they are assisted.

Nuneaton and Bedworth Borough Council registers a homeless application for all customers who are homeless or threatened with homelessness.

The Council will make every effort to prevent or relieve homelessness after registering an application before it makes a final decision on the application.

The Council registers applications for those who are threatened with homelessness within 56 days to ensure that more people are assisted as soon as possible.

The Council will make its decision for whether you are owed the full housing duty at the end of the relief stage if the homelessness has not been resolved.

It will continue to provide customers with temporary accommodation where applicable while it seeks alternative solutions to their problems.
