

## APPENDIX 4: STRATEGY CONSULTATION REPORT

### STRATEGY CONSULTATION

Strategy consultation has included a number of different aspects these are as follows:

- **NBBC nominated consultee list of key stakeholders**
- **Sports Clubs: Club survey and invitation for clubs to attend focus group**
- **Community Centres from NBBC provided consultee list including site visits to NBBC specified community centres**
- **Schools telephone consultation from NBBC nominated list**
- **National Governing Bodies of Sport**

The following provides a summary of the consultation results:

### NOMINATED CONSULTEES FROM LIST OF KEY STAKEHOLDERS

Following the project inception meeting on the 15<sup>th</sup> May 2015, Nuneaton and Bedworth Borough Council (NBBC) provided SL with consultation lists for both key stakeholders (Internal and external) and community centres. This list is shown at Appendix 1

All the consultees have been contacted and offered the opportunity to engage with the process with the exception of those consultees highlighted. These are Councillors and portfolio holders and these will be consulted later in the process once information gathered and direction of travel emerges. In some cases nominated representatives have been provided for some people and these are also shown.

The principle questions used as the basis for all consultation were:

- **Given the demographics of the Borough, what do you consider the priorities are for sport, recreation and community facilities moving forward?**
- **What do you think are the key messages that should be reflected in the strategy?**
- **Are there specific facilities/sports/activities that should be a priority? If so, why?**
- **What do you think are the key outcomes that should be achieved through the provision of Sport, Recreation & Community Facilities eg: increased participation; access to facilities; strategic location?**
- **Who do you think the key partners should be for delivery of strategy outcomes?**

The following provides a summary of the feedback from the consultees:

- **Learner Pool at Pingles too small – Managing bather loads an issue**
- **No four court sports hall available for use during the day – build on club for young people site!!**
- **Lack of 3G pitches – only 1 or 2 pitches available – 2 full size 3G – Bedworth United and Nuneaton Academy not used**
- **Poor standard of changing rooms for pitches an issue**

## APPENDIX 4: STRATEGY CONSULTATION REPORT

- **3 owned council owned community centres – Keresley, Stockingford and Nuneaton – need to check that they provide what the local community want and are not delivering for people outside of the local community within which they are based**
- **Need to increase physical activity among residents and increase the opportunities for improving health and well-being in local community facilities.**
- **Need to re-invest in existing facilities stock and support the third sector to apply for funding to further refurbish NBBC facilities where this can be supported and help NBBC achieve its objectives, Partnership being the only way forward.**
- **The new 7 / 10 year leisure contract/partnership needs to be maximised to support the Borough objectives and seek their support with this. Any new facilities need to bear in mind sustainability and where existing are no longer required or beyond investment look to see other utilised facilities can be further supported.**
- **Increasing need to support local “Club Hub” deliveries in community settings. Some excellent community clubs ( Ambleside / Old Ed’s Rugby Club, Bedworth Cricket Club, Nuneaton Harriers, Heckley Boxing Club) that are supporting and delivering in our community and in local settings, that need to be further promoted and supported.**
- **Health of local residents is poor compared to the rest of Warwickshire, Corporate and Community Plan objectives is to improve this before 2021. Need to consistently and with partners seek to get this message out and encourage people to be more responsible for their health and well-being whilst making it easy for them to take part. Previous data shows local people are very easily put off with many of the standard reasons for not participating (time, money , travel, but also not local). Opportunity here to make sure people are aware of what opportunities exist “in their patch” and promote and support. Need to gain confidence and remain in situ in order to reach hard to reach families and children. Need to be more linked in with partners, especially health in its many forms and teams as to how we work and promote together and also focus on education sector at primary and junior levels to make a change in the understanding and culture we have in certain areas.**
- **Existing facilities need to be re-invested in (where proven need or potential) this includes “Club hubs” community facilities examples given above who are supporting increasing or maintaining sports participation. Bedworth United FC have recently constructed a community AGP this has real potential to increase and raise the standard of football locally, so the challenge is how can this be further developed, linking with other AGP in the Borough.**
- **Bedworth leisure Centre has a new refurbished dry side facilities, but swimming, changing accommodation is poor. Future costs to re refurbish or redeveloped, opportunities to link with a secondary school such as Nicolas Chamberlaine to develop wet and indoor facilities would be the ideal option, as no indoor facilities in Bedworth except schools.**
- **Currently NBBC do not run any sports specific areas, but support as many as possible having recently supported Archery to develop a new facility in Bulkington as they offer opportunities for all age groups and ability and new to N & B, likewise boxing there has been a growth in this sport over the last 5 years and this can link into hard to reach target groups.**
- **Football, swimming, hockey, athletics, gymnastics, cricket are NBBC prime sports. Need to develop and netball and basketball. Current Sport England re-submission to refurbish courts at the Pingles Leisure Centre for netball. Need to address indoor sports centre programming and see how programming can support sports previously lost to football. NBBC have several agp’s and this can free up space for other bookings and sports to go indoors.**

## APPENDIX 4: STRATEGY CONSULTATION REPORT

- **Excellent sports facility at The Nuneaton Academy but appears to be very isolated and they do not attend many school competitions, very poor partnership working and have OFSTED issues. Need to support them in raising their game and support sport more in the community.**
- **CIL / 106 levels of contribution identified for any future NBBC developments for leisure to reinvest within. Leisure identified as a key area to support health and well-being for local residents when housing developments put forward.**
- **Identify specific community / club hub / facilities as areas to actively support going forward as key sites to support NBBC objectives.**
- **Establish community settings for delivery of physical activity and maintain delivery.**
- **Increase health and well-being targets linking with partners.**
- **Further encourage and support school sports competition, using partnerships and resources available providing fun and opportunities to pathways to excellence.**
- **Identify opportunities to link with partners to develop new facilities, where they meet objectives, especially and new secondary school development or extension.**
- **Key partners for delivery: NBBC, Warwickshire Public Health and schools, Community sector Clubs, Academies, Leisure Partner Everyone Active – Councillors, CSW Partnership.**

### SPORTS CLUBS

Sports club consultation was carried out in the form of a sports club survey (see Appendix 2) sent directly to sports clubs in the borough (list of clubs sent survey shown in Appendix 3) and also the opportunity was offered when sending the survey for clubs to attend a sports club focus group

The Sports club survey saw 25 responses from the following clubs:

### ORGANISATIONS RESPONDING

- **Griff and Coton Sports Club (x2)**
- **Weddington Table Tennis Club (@Weddington Social Club)**
- **Queens NALGO**
- **Stockingford Table Tennis Club**
- **Nuneaton Triathlon Club**
- **Nuneaton Rugby Club**
- **Embody Dance**
- **Dance Express**
- **Nuneaton Hockey Club**
- **Nuneaton Olympic Gymnastic Club**
- **Aces Cheer and Dance Club**
- **Nuneaton Lawn Tennis Club**
- **Nuneaton & Bedworth Swimming Club**
- **Attleborough Sports JFC**
- **North Warwickshire and Hinckley College**
- **Bedworth Ex Servicemen's Bowling Club**
- **Boxing Clever Academy**
- **Nuneaton Archers**
- **Nuneaton Cricket Club**
- **Nuneaton Tennis Club**
- **Nuneaton Bowling Club**
- **Combat & Exercise Centre Judo Club**

APPENDIX 4: STRATEGY CONSULTATION REPORT

A summary of responses received which were relevant to the strategy are provided below:

Club	Main sport	Additional facilities required if membership increases in next 5 years	Name and Address of Main Facility the club uses	Facilities used at main venue	Which of the following issues are currently problematic for your club?	Facility Quality at main venue Rated excellent – poor	What is more important to your club with regard to your home venue?	Please use the space below to make additional comments relating to facilities/ courts / greens used by your club. You may also use this space to make any other comments you think are relevant.
<b>Griff and Coton</b>	Table tennis	More tables, coaching facilities,		Table tennis table, main club room, lighting, heating, refreshments	Lack of internal funding (subs / fundraising)	Average	Having access to facilities within close proximity to where our members come from, even if these are of a lower quality standard	We need good facilities to encourage and retain players. It is important that young players have something to do to keep active and maintain fitness, and improve so that confidence grows
<b>Queens NALGO</b>	Table tennis		MIRA, A5 Watling Street, Nuneaton. Monday and Wednesday evenings.	One room, with table tennis set up specifically for our use on given nights.	Lack of internal funding (subs / fundraising) Lack of external funding (Local Council / Governing Body) Lack of appropriate local facilities Access difficulties for members (cost, lack of public transport) Lack of information about local services Lack of volunteers / coaches Retaining / recruiting members	Average		
<b>Stockingford Table Tennis Club</b>	Bowls	Extra Table Tennis Tables and an extra night to play. Currently only one night available.	Stockingford Pavilion, Ansley Road, Nuneaton. Wednesday evenings between 7pm till 11pm	Only play Table Tennis at the Pavilion Club	Need more access to play and practice. A larger affordable venue would be our aim.	Average	Access to good quality facilities, even if it means travelling further	Minority sports are struggling due to lack of funding and good facilities. The days of large factories in the Borough with sports facilities have long gone. The need for a good affordable Table Tennis Centre is the dream most in our sport have for the future. This would give us the capability to move forward and encourage more people to play sport. A venue used for coaching, Club matches and recreation. A venue which is shared with another sport would not be a bad idea. A venue which could be used 7 days a week, Filling the needs of all.
<b>Nuneaton Bowling Club</b>	flat green bowls	disabled access and toilets, larger changing rooms	Nuneaton bowling Club 112a Higham lane Nuneaton	flat green bowls, short mat bowls, snooker, darts		Good		

APPENDIX 4: STRATEGY CONSULTATION REPORT

Club	Main sport	Additional facilities required if membership increases in next 5 years	Name and Address of Main Facility the club uses	Facilities used at main venue	Which of the following issues are currently problematic for your club?	Facility Quality at main venue Rated excellent – poor	What is more important to your club with regard to your home venue?	Please use the space below to make additional comments relating to facilities/ courts / greens used by your club. You may also use this space to make any other comments you think are relevant.
<b>Griff &amp; Coton Cricket Club</b>	Cricket	Additional cricket ground	Griff & Coton Cricket Ground & Shilton Playing Fields	Grass cricket pitch, cricket nets and artificial cricket pitch.	Lack of internal funding (subs / fundraising)		Having access to facilities within close proximity to where our members come from, even if these are of a lower quality standard	
<b>Nuneaton Triathlon Club</b>	Triathlon					Good		
<b>Nuneaton Rugby Club</b>	Rugby	changing rooms, floodlights	Rugby Pitches and Clubhouse	Rugby Pitches and Clubhouse	Lack of external funding (Local Council / Governing Body)		Having access to facilities within close proximity to where our members come from, even if these are of a lower quality standard	we try always to provide the best facilities for the local community.
<b>Embody Dance</b>	Dance	Dance studio or facility	Stocking ford Community Centre, Nuneaton Academy, Community of Christ Church, Bedworth URC, Nuneaton URC and many more	Large Hall, Squash Court	Lack of appropriate local facilities	Good	Having access to facilities within close proximity to where our members come from, even if these are of a lower quality standard	
<b>Dance Express</b>	Dance	More Facilities to hold classes	Bulkington Village Centre	Bulkington Village Centre and various church halls. Us the main room area, toilet and changing and refreshments facilities	Lack of appropriate local facilities	Very Good	Access to good quality facilities, even if it means travelling further	
<b>Nuneaton Hockey Club</b>	Hockey		Etone Sports Centre, Nuneaton	Astro Turf Pitch - all weather surface Changing Rooms	Lack of external funding (Local Council / Governing Body)	Good	Access to good quality facilities, even if it means travelling further	
<b>Nuneaton Olympic Gymnastic Club</b>	Gymnastics	We may need to move to a larger facility, however most growth is coming from day-time and holiday activities	Unit 1a Weddington Terrace	Gymnastic	Lack of volunteers / coaches	Good	Having access to facilities within close proximity to where our members come from, even if these are of a lower quality standard	We have just been awarded £50k from Sport England to upgrade our toilets and changing faculties and to install gymnastic training pits. We expect this work to be completed by November 2015

APPENDIX 4: STRATEGY CONSULTATION REPORT

Club	Main sport	Additional facilities required if membership increases in next 5 years	Name and Address of Main Facility the club uses	Facilities used at main venue	Which of the following issues are currently problematic for your club?	Facility Quality at main venue Rated excellent – poor	What is more important to your club with regard to your home venue?	Please use the space below to make additional comments relating to facilities/ courts / greens used by your club. You may also use this space to make any other comments you think are relevant.
<b>Aces Cheer and Dance Club</b>	Cheer leading	Training for Coaches and extra Training Times and Equipment	The Bermuda Phoenix Centre, Bermuda Road, Nuneaton	Large Sports Hall, smaller room too. Outdoor space is available if required.	Both external Funding and recruiting of new members.	Very Good	Access to good quality facilities, even if it means travelling further	
<b>Nuneaton Lawn Tennis Club</b>	Tennis	Depends on the age of players, majority of the increase will be from Mini's and Juniors so its the pressure on "peak time" capacity.	Nuneaton Lawn Tennis Club, Caldwell Road	We have 5 floodlit tennis courts. Our 5th court is painted with Mini Tennis lines so can be used alternatively as 4 x Mini Tennis Red courts or 1 x Mini Tennis Orange. This court also has access to a hitting wall. We have a clubhouse where general members can access to the main club room with television, changing facilities, shower and separate disabled toilet. Certain selected members have access to the Kitchen and Office.	Retaining / Recruiting members to an extent - as over the last few years the number of members has been stable but there has been a high rotation of who those members are. We have tried to reduce the difference between the new members price and existing members price as the gap was seen to be too wide. We've introduced an online booking system so members (new and old) can see when they can play to get members to get better access to the courts to use their membership more.	Very Good	Access to good quality facilities, even if it means travelling further	<p>As mentioned earlier the issue for our club at present is that we have peak time pressure, by that we mean between 5pm and 8pm weekday evenings are courts are busy. This is caused by Team matches and Coaching in the summer and the team players organising hits and practices under the floodlights in the winter. This doesn't allow new members significant access to play and make use of their membership at a suitable time so extra court capacity would allow for three separate activities to take place simultaneously social, coaching and team/competition.</p> <p>We have the space to fit two extra courts on our existing site which would solve some of this issue, however club funds would not cover this especially when allowing for a significant sinking fund to maintain the quality of the existing facilities. We did have a brief chat with Jayne Ashton from the LTA about this and she said that at this time it was a scheduling issue and would only support funding a development if membership was to be increasing significantly. Indoor facilities would be appreciated by our members some of whom travel to the nearest available at University of Warwick, Leicester Forest East Tennis Club or to David Lloyd Narborough to play regularly during the winter. We would however need significant help to be able to fund such a development.</p>

APPENDIX 4: STRATEGY CONSULTATION REPORT

Club	Main sport	Additional facilities required if membership increases in next 5 years	Name and Address of Main Facility the club uses	Facilities used at main venue	Which of the following issues are currently problematic for your club?	Facility Quality at main venue Rated excellent – poor	What is more important to your club with regard to your home venue?	Please use the space below to make additional comments relating to facilities/ courts / greens used by your club. You may also use this space to make any other comments you think are relevant.
								<p>The club have a deal in place to use the Sports Hall at George Eliot school in the evenings (5-5.45pm Tuesday, Wednesday, Friday) to allow our youngest players to continue all year round. The club and our coaching providers (inspire2coach) are keen to work with the council on projects and at other facilities around the borough.</p> <p>We've used the Pingles courts previously and discussed ideas for Miners Welfare Park and have seen members join the club from activities at these venues, although the free access to courts locally does mean some people are unwilling to pay and join a club and follow the sign posting to join in with more organised activity.</p>
<b>Nuneaton &amp; Bedworth Swimming Club</b>	Swimming (speed)		Pingles Leisure Centre	Competition pool	Access difficulties for members (cost, lack of public transport)	Very Good		
<b>Attleborough Sports JFC</b>	Football	Pitch availability -	Attleborough Sports Club/George Eliot School Saturday am/ Sunday am/pm	Football pitches and grounds for training.	Lack of volunteers / coaches			
<b>North Warwickshire and Hinckley College</b>	Football, Mixed Sports	We would be looking at forming alliances in the community	Hinckley Leisure Centre, Ambleside Sporting Club	Sports Hall, Gym, Dance Studio, Sporting Fields		Very Good		In regards to 15, our members will not travel much at all. Therefore facilities have to be on site or very local and of a good quality.
<b>Bedworth Ex Servicemen's Bowling Club</b>	Crown green bowling			The bowling green in Bedworth Miner's Welfare park		Good	Having access to facilities within close proximity to where our members come from, even if these are of a lower quality standard	The bowling green is kept in good condition by the Council contractors. We have our own hut and this is maintained by members. We are self financing and have found in the past that we haven't been able to apply for funding as the facility is owned and controlled by the Borough Council.

APPENDIX 4: STRATEGY CONSULTATION REPORT

Club	Main sport	Additional facilities required if membership increases in next 5 years	Name and Address of Main Facility the club uses	Facilities used at main venue	Which of the following issues are currently problematic for your club?	Facility Quality at main venue Rated excellent – poor	What is more important to your club with regard to your home venue?	Please use the space below to make additional comments relating to facilities/ courts / greens used by your club. You may also use this space to make any other comments you think are relevant.
<b>Boxing Clever Academy</b>	Boxing	Better changing facilities and disabled access.	The Alec Wilson Centre Bedworth Every day	Sports hall, showers, kitchen, toilets.	Retaining / recruiting members	Excellent	Access to good quality facilities, even if it means travelling further	
<b>Nuneaton Archers</b>	Archery	We have recently sorted our outdoor facilities via a Sport England grant but indoor will now require significant development to cope with the additional members	Indoor currently is sports hall at Higham Lane school, Nuneaton	Indoor needs to be a purpose built sports hall where we have sufficient room to shoot over a distance of 20 yards (recognised national distance to allow us to enter leagues) That means approx. 5 yards behind the targets for the safety nets and about 10 to 15 yards behind the line to wait, assemble kit etc	Cost of hiring our indoor venue is expensive as we have to pay for a full 12 months hire of 1 evening a week, even though we don't use it between April and September	Average	Access to good quality facilities, even if it means travelling further	We appreciate that only using an indoor facility between October and March puts us at the bottom of any 'use list' however, as many of our members are juniors or working people it means that winter indoor use is vital to their continued involvement in the sport. Having just moved our outdoor shooting we are now having to pay more in rent each year, thus putting our indoor venue at risk as we might not be able to afford to hire it again this winter. Bookings are at a premium and so if we let the booking slip, then someone else will almost certainly take it up, and once we have increased our membership to be able to afford the booking again, the place will not be available!
<b>Nuneaton Cricket Club</b>	Cricket					Excellent		
<b>Nuneaton Tennis Club</b>	Tennis	At least 1 additional court	5 courts at Caldwell Road. Members can use them 7 days per week at any time between 7:00 and 22:00.	5 x tennis courts and the clubhouse	Lack of internal funding (subs / fundraising) Lack of appropriate local facilities		Access to good quality facilities, even if it means travelling further	We have a large open space in front of our clubhouse which we have been discussing how best to use to improve the facilities available for our members. One idea currently being discussed is an indoor court (bubble type)
<b>Nuneaton Bowling Club</b>	Flat green and short mat bowling.	Toilet facilities, access and egress facilities for disabled.	Usage of the green and club access during opening hours or during games and matches	Bar, snooker, darts, short mat and outdoor flat bowling green.	Grant applications being considered in respect of providing invalid toilets, access and egress of building and the bowling green. New windows needed to part of the building. Recently had a new roof.	Good	Access to good quality facilities, even if it means travelling further	

APPENDIX 4: STRATEGY CONSULTATION REPORT

Club	Main sport	Additional facilities required if membership increases in next 5 years	Name and Address of Main Facility the club uses	Facilities used at main venue	Which of the following issues are currently problematic for your club?	Facility Quality at main venue Rated excellent – poor	What is more important to your club with regard to your home venue?	Please use the space below to make additional comments relating to facilities/ courts / greens used by your club. You may also use this space to make any other comments you think are relevant.
<b>Combat &amp; Exercise Centre Judo Club</b>	Judo	Larger venue / mat area	Combat & Exercise Centre	Dojo. Changing rooms/showers.	Lack of volunteers / coaches	Very Good	Access to good quality facilities, even if it means travelling further	
<b>Cleaver Squash and Fitness Club</b>	Squash				None	Courts – good, recently refurbished		Ladies Changing , Bar require refurbishment New ceilings needed throughout
<b>Bulkington Netball Club</b>	Netball		Indoor TEC, North Warwickshire	Indoor and Outdoor Netball Courts	Lack of external funding (Local Council / Governing Body) Lack of volunteers / coaches	Indoor – good Outdoor – poor		Outdoor Courts require complete refurbishment
<b>Pitball MMA</b>	Martial Arts	Need more access at Community Centre.	Bedworth Heath Community Centre					Are considering a funding bid for own premises Hire charges high Have 2 employees and 16-18 volunteers
<b>Ambleside Bowling Club</b>	Bowls		Indoor winter – Barwell		Lack of volunteers / coaches Lack of members	average		Pavilion presently being extended. Would like own toilet facilities
<b>Haunchwood Bowling Club</b>	Bowls				Lack of external funding (Local Council / Governing Body)	Good		Have submitted application to SE for floodlights 3 times unsuccessful
<b>Nuneaton Golf Club</b>	Golf				None	Good		Course in good condition Lacks covered driving range
<b>Bedworth Disabled Swimming Club</b>	Swimming		Bedworth Leisure Centre, Bedworth	Main and learner pools	None	Average		Working hoist in Changing rooms More changing rooms
<b>Windmill Bowling Club</b>	Bowls	General maintenance	Windmill Sports and Social Club	Bowls	Lack of external funding (Local Council / Governing Body)	Good		

APPENDIX 4: STRATEGY CONSULTATION REPORT

Club	Main sport	Additional facilities required if membership increases in next 5 years	Name and Address of Main Facility the club uses	Facilities used at main venue	Which of the following issues are currently problematic for your club?	Facility Quality at main venue Rated excellent – poor	What is more important to your club with regard to your home venue?	Please use the space below to make additional comments relating to facilities/ courts / greens used by your club. You may also use this space to make any other comments you think are relevant.
<b>Hartshill Badminton Club</b>	Badminton		Hartshill High School Nuneaton High School	Sports Hall,		Average		Harsthill School – Leaking roof, very dated, cold Nuneaton High School – much better and warm  The three clubs in Nuneaton should become one club Difficulties with the Association
<b>Nuneaton Harriers</b>	Athletics	Indoor training track	Pingles Leisure Centre, Nuneaton	Athletics Track – 8 lanes	Lack of internal funding (subs / fundraising) Lack of external funding (Local Council / Governing Body) Lack of information about local services Lack of volunteers / coaches – have core could do with more			
<b>Exhall ABC</b>	Boxing	Looking to s stage 2 application to increase size Have waiting list for some classes	Heatley Pavilion, Exhall					Have good committee and volunteers
<b>Sil Lume Kune</b>	Chinese Martial Art		Bedworth Town Centre, Bulkington and Higham Lane School		Lack of members -would like help to recruit more 25% short on funding Additional coaches and volunteers would be of help	Good		Would like to extend the Academy and improve facilities but lack funds at present
<b>Griff &amp; Coton Netball Club</b>	Netball		Grid and Coton Sports SN Social Club		Lack of funds – always fund raising for kit and equipment Lack of coaches - concerned if current ones left would be difficult, need more volunteers	Average		Courts were resurfaced 12 years ago with external funding. In need of resurfacing – priority along with changing accommodation

## APPENDIX 4: STRATEGY CONSULTATION REPORT

### COMMUNITY CENTRES

All community centres from the NBBC provided list were sent a letter inviting them to participate in the consultation process.

Of the 21 community centres contacted, 16 responses were received and 5 centres were visited. The sites visited were: Newtown, Bermuda Pheonix, Stockingford, Keresley and Wembrook. The following provides a summary of feedback from the Community Centre consultation:

- **Nearly all centres were used for some form of sports and physical activity**
- **This use was limited predominantly to martial arts, boxing, exercise classes, dance and bowls**
- **These activities were virtually all booked by external organisations on a hire basis with no activities being run by the Centre**
- **There were no major aspirations or demand/need identified to develop facilities for sport & physical activity further**

The community centre consultee list is provided at Appendix 4 along with a summary of responses

### SCHOOLS TELEPHONE CONSULTATION

The following schools were contacted to try and ascertain their current facilities, whether or not they provided community use and if so what the level of usage was and the cost of hire per hour and the results of responses received are detailed below:

School	Facilities	Community use	Current usage	Cost
Ash Green School & Arts college	Sports Hall Grass pitches (No Floodlights)	Yes No	Unable to answer - must be offsite by 7pm	£25per hour
George Eliot School	Sports Hall Playing fields (No Floodlights) Tennis Courts (No Floodlights)	Yes No No	Every weeknight 7-9pm	£28.50ph
Higham Lane School (Awaiting response via email)				
King Edward VI College (No response)				
Nicholas Chamberlaine Technology College	Sports Hall Grass pitches (No Floodlights)			
St Thomas More Catholic School and Technology College	Dual use of Jubilee Sports Centre facilities inc: Gym facility Dance studio Astroturf (floodlit) 2 netball courts 2 tennis courts	Yes	N/A	All bookings through Jubilee for public use
Nuneaton Academy Sports Centre	Sports Hall 3G Whole pitch Dance Studio Gym	Community facility	Used all evenings and weekends - little availability throughout other than dance studio	£31ph £72/£90 with floodlights £26.40ph £29 per month
Sport & Fitness Centre North Warwickshire & Hinkley College	Gym facility	Yes	Seven days per week	£3 per session
Etone College	Grass pitches Dual use of Etone Sports Centre	Yes	One evening throughout the week Sunday 9am-12pm	£21per hour for grass pitches

## APPENDIX 4: STRATEGY CONSULTATION REPORT

### NATIONAL GOVERNING BODIES

The following National Governing Bodies with relevance to the strategy were contacted as part of the consultation process:

- **Amateur Boxing Association**
- **ASA**
- **England Athletics**
- **England Netball**
- **Squash**
- **England Volleyball**
- **Karate England**
- **Table Tennis England**
- **Bowls**
- **LTA**
- **Basketball**
- **Badminton England**

Of the feedback and information received from the NGB's the following comments were deemed to be relevant to the strategy:

NGB	FUTURE FACILITY NEEDS
<b>SWIMMING</b>	<ul style="list-style-type: none"> <li>• There are only two LA swimming pool sites in N &amp; B, the Pingles is relatively new but Bedworth LC is 40 years old and will need replacing in due course. Pingles provides the county sized competition pool.</li> <li>• The Sport England FPM run suggests that there is a deficit of about one small 25m x 4 lane pool. The problem is the district does not lend itself to having another pool location and the only way that the water area can sensibly be expanded is to have a larger pool in Bedworth in due course or a more flexible approach to existing water space i.e. moveable floor.</li> </ul>
<b>ATHLETICS</b>	<ul style="list-style-type: none"> <li>• Due to the large number of disciplines our sport covers there is no set in stone facility requirements as one club may offer a completely different set of disciplines to the other. We recommend that any club that hold league meets have at least a 6 lane track. These facilities are normally under the provision of the land owner and as such they are the ones that supply the risk assessments. We do not routinely monitor the track management for all our clubs but are usually the first to know if they are falling into disrepair.</li> </ul>
<b>NETBALL</b>	<ul style="list-style-type: none"> <li>• Evening availability of indoor facilities</li> <li>• Additional outdoor home ground venues for Saturday league fixtures</li> </ul>

## APPENDIX 4: STRATEGY CONSULTATION REPORT

NGB	FUTURE FACILITY NEEDS
	<ul style="list-style-type: none"> <li>To help identify relevant funding streams for re-surfacing projects as they become necessary and to support bid preparation.</li> </ul>
<b>TENNIS</b>	<ul style="list-style-type: none"> <li>With only one club in the area the delivery is relatively small but I am aware that the coaches / Club are always keen to work closely with the council to increase participation. We have on occasions had discussions with the council re developing the park courts and would be open to further discussion</li> </ul>
<b>BASKETBALL</b>	<ul style="list-style-type: none"> <li>No evidence to suggest there's a huge demand for new indoor facilities. Due to the lack of current activity and latent demand, the area isn't part of our satellite club network and isn't a focus area for Basketball England for the next 2 years.</li> </ul>
<b>BADMINTON</b>	<ul style="list-style-type: none"> <li>Badminton England have identified that there is potential for growth of badminton in particular at Nuneaton Academy and Jubilee Sports Centre. Need to focus on delivering to capacity the sessions being offered and look to expand and run more sessions over the next year.</li> <li>Opportunity to potentially access up to £15K of capital funding as part of Play Badminton. However, nothing identified as an immediate concern but simple improvement such as painting walls (non-white) should be considered as this impacts on all levels of play from beginner onwards.</li> <li>Warwickshire has a strong county system and leagues. However, Nuneaton and Bedworth is a weak area and no local league.</li> </ul>

A full list of National Governing Bodies consulted and their feedback is attached at Appendix 5.
