Wood White Butterfly

The Warwickshire, Coventry and Solihull Biodiversity Action Plan is divided into six broad habitat groups. Each habitat group is then divided into a number of Habitat Action Plans for each specific habitat type or land use.

There are a total of 26 Habitat Action Plans for this sub-region.

1. Grassland
 - 1.1. Lowland Acid Grassland
 - 1.2. Lowland Calcareous Grassland
 - 1.3. Lowland Heathland
 - 1.4. Lowland Neutral Grassland**
2. Farmland
 - 2.1. Field Margins
 - 2.2. Hedgerows**
3. Woodland
 - 3.1. Woodlands (NB existing & creation)**
 - 3.2. Wood Pasture and Parkland
 - 3.3. Scrub and Carr

- 3.4. Orchards
- 4. Urban
 - 4.1. The Built Environment**
 - 4.2. Parks and Public Open Spaces**
 - 4.3. Roadside Verges
 - 4.4. Gardens**
 - 4.5. Churchyards and Cemeteries
 - 4.6. Allotments
 - 4.7. School Grounds
- 5. Post-industrial
 - 5.1. Disused Industrial and Railway Land**
 - 5.2. Quarries and Gravel Pits**
- 6. Wetland
 - 6.1. Rivers and Streams**
 - 6.2. Ponds, Lakes and Reservoirs
 - 6.3. Canals
 - 6.4. Fen and Swamp
 - 6.5. Reedbeds

HABITATS

Nuneaton & Bedworth Local BAP – from UKBAP website October 2004

LBAPS prepared

Local habitat	Canals
Local habitat	Cemeteries
Local habitat	Churchyards
Local habitat	Colleges
Local habitat	Community Woodlands
Local habitat	Crematoria
Local habitat	Formal Parks
Local habitat	Golf Courses
Local habitat	Green Burial Grounds
Local habitat	Green Open Spaces
Local habitat	Hedgerows
Local habitat	House and Gardens
Local habitat	Industrial Sites
Local habitat	Nature Areas
Local habitat	Nature Conservation Sites
Local habitat	Orchards
Local habitat	Pet Cemeteries
Local habitat	Railway Corridors
Local habitat	Road Verges
Local habitat	Schools and School Grounds
Local habitat	Street Trees
Local habitat	Water Course

Warwickshire LBAP – from UKBAP website October 2004

Broad Habitats	Built up areas and gardens
Broad Habitat	Fen, marsh and swamp
Broad Habitats	Fen, marsh and swamp
Broad Habitats	Neutral grassland
Broad Habitat	Rivers and streams
Broad Habitats	Rivers and streams

Broad Habitats Standing open water and canals

Local Habitat Allotments
Local Habitat Canals
Local Habitat Churchyards and cemeteries
Local Habitat Disused industrial & railway land
Local Habitat New Woodlands
Local Habitat Orchards
Local Habitat Parks and public open space
Local Habitat Ponds, lakes and reservoirs
Local Habitat Quarries and gravel pits
Local Habitat Roadside verges
Local Habitat School grounds
Local Habitat Scrub and carr
Local Habitat Woodlands

Priority Habitats Ancient and/or species-rich hedgerows

Priority Habitats Cereal field margins

Priority Habitats Lowland calcareous grassland

Priority Habitats Lowland dry acid grassland

Priority Habitats Lowland heathland

Priority Habitats Lowland wood-pasture and parkland

Priority Habitats Reedbeds
